Our mission is to provide health education and training for gospel workers, so they can be self-sustaining ambassadors for God.

Haiti Medical Relief

Drs Ron Fleck, Jacqueline Tracey, Raquel Collins, Scott Hutson

On January 24, 2010 a team of 6 doctors and a diesel mechanic, sponsored by SHMI, flew into Haiti. The scenes upon their arrival were overwhelming--homeless, injured, lack of food and water. Their first day found a never ending line of people needing help, waiting to see a doctor. One of the big problems was that after treating a patient, there was no place for that patient to go. The odor of decaying bodies still covered the rubble. One of the greatest needs is for basic sanitation. Infection is also a critical issue and antibiotics are needed urgently. The team took several bags of antibiotics and other essential meds, which were greatly appreciated.

Another relief trip is planned within the next few weeks.

February 17-March 8 Ron will be doing village health and Basic Life Support training in Africa.
