Our mission
Health & Wellness Education
Village Health Care Training
Literacy & Service-Oriented Education
Children & Women Services

Haiti Scholarships

Two Interpreters needing Scholarships

Young people who serve as interpreters for medical personnel offering relief, need the opportunity to further their education. We are offering scholarships for them to attend the Adventist Philippine University for \$3000 per year. Will you help make this possible?

Plans are to go to Haiti in October and train 100 Haitians in Village Health Care.

\$3000 will sponsor one student for one year.

Southern Sudan, Africa

Gatbel plans to go to Southern Sudan in September. He will work with government agencies to secure land on the Nile River for the medical clinic.

Money is needed to build the clinic and equip it, as well as purchase a medical launch.

Tamil Nadu, India

Pastor Edwin Benny now has 120 local people from the community of fishermen worshipping with him in very crowded conditions in a make shift shelter. They anxiously await the construction of a Health & Wellness Center where they can worship and serve God.

\$20,000 to construct the Health/Wellness Center

Waldenses Ministry, NW Italian Alps

We were privileged in July to spend 5 days with Danielle in Torre Pellice doing Health & Wellness Training. God is working on the hearts of these

precious people who once sacrificed their lives to remain true to God. Danielle is actively visiting and giving cooking schools as well as organizing evangelistic meetings.

\$1000 for monthly support

Jeeva Jyothi Ministry, S. India

Construction continues on the Elementary School. About 220 children, mostly Hindu, attend regularly. Most come from extreme poverty and need a monthly sponsor (\$25 month). Another serious need is for a fence to keep out wild elephant that destroy the garden area.

\$4000 is needed to complete the school structure.

*\$2500 to complete a boys' dorm
\$7000 for a fence to keep out wild elephants.*

\$2000 for playground equipment and tables and bookcases.

\$3000 for new bathrooms

\$3000 for a new well

\$25 a month will sponsor an elementary student.

European Medical & Literature Evangelism

In July we spent 4 days with Kris doing Health and Wellness Training in Linz, Austria. Twenty five people were trained in Basic Life Support.

Kris has 29 Bible Studies with three persons ready for baptism. He has distributed thousands of books. The harvest is ripe, where are the reapers?

\$2000 for monthly support

Africa

Six gospel workers out of thirty five now have motor bikes and cell phones to help them on their street and health evangelism ministry. Each month one more worker will be equipped.

These workers risk their lives spreading the gospel. Christians are dying daily just because they read the Bible. Wouldn't you like to sponsor a worker?

*\$900 for each motorcycle
\$150 for each solar cell phone*

There is also an orphanage some of the children having AIDS. (*\$25 a month will sponsor a child.*)

Young Indian man trains as Doctor in Armenia

Philemon in Armenia

Philemon is completing his final year in medical training in Armenia. His desire is to return to India where he will do medical evangelism. This summer he has

been helping out with VBS programs in the surrounding area.

*\$100 a month for food & lodging
\$2200 for one year's tuition*

I'd like to support SHMI.

- I commit to make a monthly contribution of \$_____.
- Here is my one-time contribution of \$_____
